QUARTERS

- 85 1841-O AU (50) Decidedly scarce.
- 86 1842-O BU (60) Large date. Deep, but attractive, toning. Although somewhat overshadowed by its rarer Small Date cousin, this coin is due a great deal of respect in its own right. We recall a coin of better quality priced at \$4,500 a year or so ago.

- 88 1855-S VF (20) Seldom seen in any grade.
- 89 1859 Ch BU (60+) Beautiful multi-hued toning. Desirable as a scarce date and as a type coin.

HALF DOLLARS

- 109 1836 EF (40) Reeded edge. This coin has evolved to be one of the most popular of all United States silver coins. This particular example is quite pleasant, with a bit of wear on the high points. It is sharply struck with tinges of mint luster clinging to the stars, lettering, and devices. DOLLARS

- 139 1849 EF (45) Decidedly scarce.
- 140 1857 Ch BU (60+) Remarkable, defect-free surfaces which are also semi-prooflike. The head of Liberty and the immediate surrounding stars are the only weakly struck portions, a characteristic of this tough date. Even Proofs come weak in this area. An exciting opportunity.
